Offering small to medium sized businesses tailored solutions from reputable carriers at discounted rates

Since 1999, InXpress has helped small to medium sized businesses send and receive documents, parcels and pallets around the UK and between Europe and the rest of the world at discounted rates.

We provide these services in conjunction with reputable national and international carrier partners who include DHL, FedEx, TNT, UPS, UKMail, Whistle and City Sprint. They handle all the pick-up and deliveries, while we provide a personalised customer service and the invoicing.

Our office in Romford opened in 2013 and through our dedicated customer care we are now an established and highly recommended choice for SME's in Essex, Central and East London and beyond.

Our customers get a secure, reliable, discounted service, with multiple carrier options, tracking, full auditability and one clear consolidated invoice, all accessible via our on-line shipping portal, which supports eComms integration.

Because we provide a personal level of service, we get to understand you and your business and you get to know us.

There's no call centres or automated phone services to frustrate you!

WHY CHOOSE INXPRESS LONDON-EAST?

- One relationship offering multiple carrier options
- Excellent customer service – No call centres
- Access to our internet portal for quotes, bookings, tracking and more
- Multiple sites, multiple carriers, one consolidated invoice
- No monthly volume commitment to receive discounts
- A natural partner for SMEs

Opening an account does not cost any money and does not commit a client to either a monthly spend or consignment volume. It just means it's available when you need it, regardless of how frequently it may be used.

We could not have wished for a better alliance and it is plain to see Martin always goes that extra mile for his clients."
